FOR IMMEDIATE RELEASE

**2W Technologies, INC. Announces Appointment of Alan Winegar as New COO**

**Pewaukee, WI – September 10, 2024** – 2W Technologies, INC., a leading provider of strategic technology solutions, is proud to announce a significant addition to its executive team. Alan Winegar has been appointed as the new Chief Operations Officer (COO) and will play a pivotal role in driving the company's strategic initiatives and fostering continued growth.

With a proven track record of success in manufacturing, professional services, and software development, Winegar brings a wealth of experience and expertise to 2W Tech. He has held senior leadership roles in various companies, managing large teams and significant budgets. Winegar has a formidable reputation in technology services, organizational transformation, and revenue growth. Winegar has managed global teams and services, which is crucial for a company like 2W Tech that operates in multiple countries.

"We are thrilled to welcome Alan Winegar to our team," said Mark Jamieson, President, and CEO of 2W Tech. "Our organization has experienced rapid growth over the past few years, and we anticipate this growth rate to double, if not triple. Achieving this ambitious goal requires every aspect of our business to operate seamlessly. Alan's exceptional track record in managing large-scale operations, implementing effective strategies, and providing strong internal leadership makes him an invaluable addition. We are confident that his leadership will drive us to new heights and solidify our position as an industry leader."

In his new role, Winegar will be responsible for overseeing the company's overall operations, implementing strategic initiatives, and ensuring the highest levels of efficiency and effectiveness across all business functions. His strategic vision and ability to drive operational excellence will be instrumental in guiding 2W Tech towards continued success and expansion.

Alan Winegar expressed his excitement about joining 2W Tech, stating, "I am truly honored to become a part of the 2W Tech team. I am eager to contribute to our collective growth and success. Together, I am confident we will achieve extraordinary milestones and pioneer new opportunities within the industry."

Winegar holds a BS in Industrial Engineering from the Milwaukee School of Engineering, providing him with a strong technical foundation to understand and manage complex technology.

**About 2W Technologies, INC.**

2W Tech is a technology solutions and managed service provider specializing in solutions for the manufacturing industry. Our track record spans over 33 years, with a diverse client base located across 42 states and 11 countries. We started our journey as consultants for the Epicor ERP line of business software and have since grown to become one of the largest Epicor partners in North America. We are also a Microsoft partner currently holding 4 Microsoft solution designations and 1 specialization. Our Epicor services encompass software sales, implementation, lifecycle support, and expert consulting. We have expanded our portfolio to become a one-stop shop for all technology needs, offering 24/7 Managed IT services via phone, email, or click-to-chat. Our robust cybersecurity solutions ensure compliance and safeguard against potential threats. Our extensive line card also includes solutions for data analytics and business intelligence, as well as other software, hardware, and IT support needs. Additionally, our forward-thinking approach is displayed through proprietary solutions like Epicor in Azure and ResolveIQ, our artificial intelligence platform.
