

**2W Technologies, INC Named to the Prestigious CRN Tech Elite 250 for 2025**

Pewaukee, Wisconsin. March 17, 2025 — 2W Technologies, INC announced today that CRN, a brand of the Channel Company, has recognized 2W Tech on its 2025 Tech Elite 250 list. This annual list showcases solution providers located in the U.S. and Canada who are dedicated to excellence. They stand out by achieving top-tier certifications and specializations from leading technology vendors in the fields of artificial intelligence (AI), infrastructure, cloud, and security.

To navigate the growing complexities of IT and the emergence of advanced technologies like AI, the solution providers featured on this list maintain elevated levels of training and certification from key IT vendors, often reaching the highest tiers in these vendors' partner programs. Whether serving as strategic service providers, systems integrators, managed service providers, or value-added resellers, these top-tier providers are dedicated to ensuring their clients' success.

"PNY would like to extend our congratulations to 2W Tech for being recognized on the 2025 Tech Elite 250 list of solution providers in the U.S. and Canada", said Bill Curran, Senior Director of IT of PNY Technologies. "We have collaborated with 2W Tech on numerous projects over the past five-plus years, and their expertise is both extensive and comprehensive. Their recognition on this list is well-deserved, especially for those who have experienced 2W Tech's ability to solve complex business problems with unique and elegant solutions. The knowledge, competence, and professionalism of the entire 2W Tech staff is why PNY has chosen them as our technology partner. We expect to continue seeing remarkable things from 2W Tech in the future."

2W Tech embarked on its journey as an Epicor Consulting firm over 30 years ago and has since experienced remarkable growth. As the recipient of the Epicor Global Partner of the Year award and holder of multiple Microsoft competency solutions and designations, 2W Tech has successfully integrated these two powerful platforms, elevating their business to new heights. Their expertise in Epicor in Azure and Epicor Custom Cloud, coupled with compliance solutions, enables 2W Tech to empower clients to optimize their investments in both Epicor and Microsoft technologies. Their innovation does not end there; last year, they launched ResolveIQ™, their unique artificial intelligence platform. With an extensive portfolio of products and services, 2W Tech collaborates with some of the most esteemed technology partners across North America, solidifying their position as a leader in the industry.

"As a trusted Epicor Platinum Elite Partner, 2W Tech consistently demonstrates the expertise, innovation, and dedication that truly set them apart in the industry. Their investments in advanced certifications and specializations in critical areas like AI, infrastructure, cloud, and security directly translate to superior outcomes for our shared customers," stated Scott Morgan, Chief Revenue Officer of Epicor. "We take immense pride in our partnership with 2W Tech and look forward to continuing our collaborative journey of delivering industry-leading solutions that drive business growth and transformation. This well-deserved honor reinforces what we have always known – 2W Tech represents the very best of what the channel has to offer."

"This recognition reflects 2W's ability to deliver modern solutions and strategic expertise to help our clients navigate the complexities of today's IT landscape," said Mark Jamieson, President, and CEO of 2W Tech. "Achieving certifications and the highest partner program levels are vital to our business and we rely on them to ensure we continue to do the right things for our business and continue to grow and expand our portfolio. At 2W Tech, we believe knowledge is power—and the certifications we earn and the expertise we cultivate empower us to deliver innovative solutions that drive success for our clients."

Coverage of the Tech Elite 250 will be featured in the April issue of CRN Magazine and online at [www.CRN.com/techelite250](http://www.CRN.com/techelite250) beginning March 17.
