Pewaukee, Wisconsin. February 10, 2025 — 2W Technologies, INC announced today that CRN, a brand of the Channel Company, has named 2W Tech to its Managed Service Provider (MSP) list in the Pioneer 250 category for 2025. The annual MSP 500 list recognizes the top service providers in North America who are fostering a new era of growth and innovation in the channel. These providers utilize forward-thinking strategies in managed services to enhance efficiency and simplify IT solutions for end users, all while maximizing their return on investment.

This is 2W Tech's sixth consecutive win in the Pioneer 250 category. The MSP Pioneer 250 category recognizes companies with business models weighted toward managed services and focused on the small-and-midsize business market.
