FOR IMMEDIATE RELEASE

2W Technologies, INC. Earns Microsoft Solutions Partner Designation for Azure Digital & App Innovation

Pewaukee, WI – September 1, 2026 – 2W Technologies, INC., a leading provider of strategic technology solutions, is proud to announce that it has earned the Microsoft Solutions Partner designation for Azure Digital & App Innovation. This achievement recognizes 2W Technologies' proven ability to help organizations modernize existing applications, build cloud-native solutions, and manage intelligent applications across cloud, on-premises, and edge environments.

Microsoft Solutions Partner designations highlight organizations that demonstrate broad technical capabilities, deep skilling and training commitments, and a strong track record of delivering successful customer outcomes across Microsoft Cloud solution areas. To earn the Digital & App Innovation (Azure) designation, partners must meet Microsoft's requirements across performance, skilling, and customer success, validating their ability to deliver modern application development and innovation using Microsoft Azure.

Through the Digital & App Innovation solution area, 2W Technologies helps clients evaluate and modernize business-critical applications, build new cloud-based solutions, and create connected technology environments that adapt to evolving operational needs. This designation confirms that 2W Technologies has demonstrated the certifications, customer success, and real-world experience required to deliver application modernization and cloud innovation solutions using Microsoft Azure.

"Earning the Microsoft Solutions Partner for Digital & App Innovation designation represents another important milestone in our continued investment in Microsoft Azure expertise," said Mark Jamieson, President/CEO of 2W Technologies. "Our clients rely on us to simplify complex technology challenges and identify practical opportunities for innovation. This designation reinforces our ability to help organizations modernize applications, take advantage of cloud technologies, and build solutions that support their long-term business goals."

The Digital & App Innovation designation expands 2W Technologies' broader Microsoft capabilities. The company now holds five Microsoft Solutions Partner designations: Infrastructure (Azure), Data & AI (Azure), Digital & App Innovation (Azure), Modern Work, and Security.
